

MELES – More Entrepreneurial Life at European Schools

Piotr Wołejsza
MELES project manager

This project is funded by
the European Union

Story telling

It starts nine years ago at Stanford University...

Story telling

1. Learning by doing
2. Leave your comfort zone
3. Work in multidisciplinary teams
4. Make your own global business
5. Be a leader and think strategic
6. Protect your intellectual property
7. Think like a designer
8. Learn from Start-ups

Challenge

1. Support for students to develop their business ideas.
2. Support for academic teachers in implementation their inventions.
3. Systematic support for academic entrepreneurship.

Solution

- First call of ERASMUS + projects
- Deadline 30th of April 2014

Erasmus+

Priorities and topics

What are the most relevant priorities addressed by your project?

Contributing to the modernisation of Europe's higher education systems as outlined in the 2011 EU Modernisation Agenda

Promoting the take-up of practical entrepreneurial experiences in education, training and youth work

+

-

What are the most relevant topics addressed by your project?

Entrepreneurial learning - entrepreneurship education

New innovative curricula/educational methods/development of training courses

Labour market issues incl. career guidance / youth unemployment

+

-

Challenges

- Change of partner
- Summer schools

Team Work

More Entrepreneurial Life at European Schools

Team Work (Evaluation by the Teachers)

N o	Performance Indicator		Avg. rating (1-4 scale)
1	Overall satisfaction with the summer school program	Appropriate content of the program, topics clearly related to the aims and objectives of the school	3,6
		Relevant mixture of activities e.g. icebreaking activities, lectures, group work and social activities	3,2
2	Overall satisfaction with the results achieved	Good balance between lectures and exercises	3,1
		Realistic time planning for each activity	2,9
		Engagement of the students in the activities	3,3
		Quality/relevance of the school contents in the students' final presentations	3,7
3	Quality of the international partnership	Appropriate involvement of the project partners	3,3
		Effective communication among partners	3,0
		Climate of trust and positive attitudes	3,0
		Quality of informal and follow-up activities (dinners, meetings etc.)	3,5
4	Satisfaction with the summer school organization	Support offered by the local MELES team	4,0
		Appropriate conditions of the study rooms and auditoriums	3,8
		Quality of the spaces for outdoor activities	4,0
		Quality of Wi-Fi connection	3,8
		Satisfaction with the materials provided	3,6
5 A	Evaluation of the Summer School by the Advanced Teachers	Competences of the Beginner partners obtained during preparation of the Summer School	3,2
		Quality of the lectures given by the Beginner teachers	3,2
		Quality of the workshops/ exercises prepared by the Beginner teachers	3,3
		Quality of the mentoring support provided by the Beginner teachers for the students during the final projects preparation	2,8
5 B	Evaluation of the Summer School by the Beginner Teachers	Support obtained from the Advanced partners before the Summer School	3,8
		Support obtained from the Advanced partners during the Summer School	3,6
		Satisfaction with the results of the classes during the Summer School	3,4
		Satisfaction with the results of the workshops/exercises during the Summer School	3,8

VRidge subreddit reached over 700 users already! This is really great. We are very happy to have such strong and growing community. Plenty of discussions and helpful people 😊

If you are willing to discuss the future of RiftCat with our devs, you can find them there too! They are very active Redditors 😊

Empowering educators to shape the future of humankind

Combining STEAM with Social-Emotional Learning

Here at Photon, we understand that children are the key to a better future. We aim to employ modern technologies to give an equal start to all students. We firmly believe that utilizing the latest technology in education is not just the best way to tackle the future, but also the only way to do it. To achieve it, children should develop interdisciplinary – combining STEAM skills with social-emotional competencies.

SIX STEPS AHEAD

Erasmus+

MELES 2 ABCoach

This project is funded by
the European Union

From MELES 1 to MELES 2

- Is a course on entrepreneurship enough to support start ups?
- How to train academic staff, if they want to continue to support their student teams?

ABCoach!

How you make the budget run?

Erasmus+

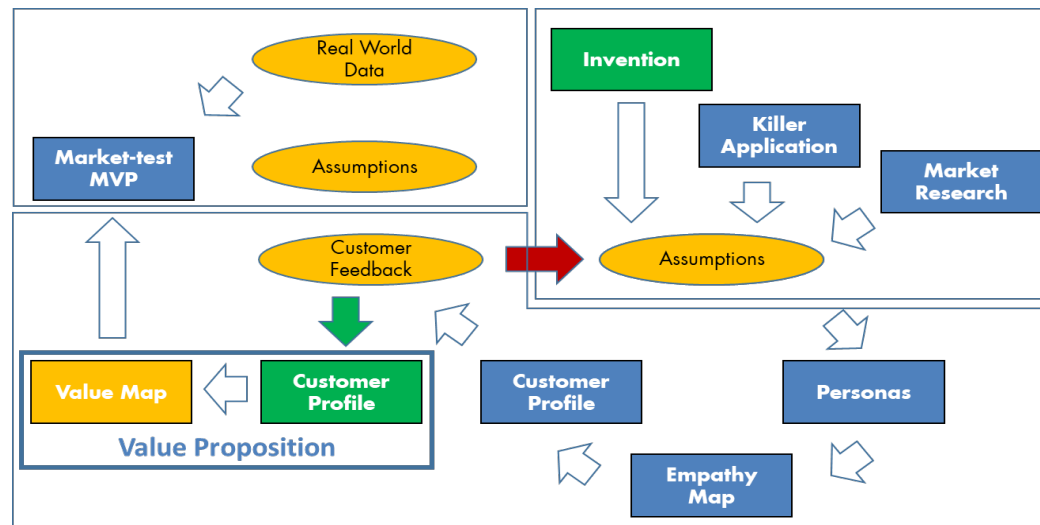

www.meles-project.eu

This project is funded by
the European Union

ABCoach - process

- A tool based guided process
- Applied in a dynamic way – no frame of semester
- Tools from MELES 1
- Additional tasks like IP und MVP...

Erasmus+

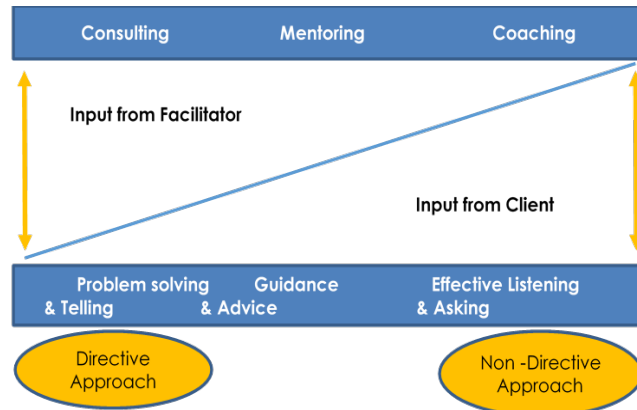

www.meles-project.eu

This project is funded by
the European Union

ABCoach – role of the coach

New roles for the teachers...

	Purpose	Focus	Method	Agenda Setting	Behavioural Model
Teacher	provide pre-determined knowledge	transfer specific knowledge	Teaching, telling	By Teacher	Teacher - student
Mentor	Pass lifetime skill and knowledge	on experience and strengths of mentor	Sharing, modelling, teaching	By subject matter, mainly Mentor	Parent - child
Consultant	provide an Expert knowledge, advise	problem solving	Observation, telling, advising	Task/problem to be solved, mainly by Consultant	Principal-Agent
Coach	Guide personal development, structural help	Future goals and actions	Asking powerful questions	By Coachee/ Client	Partners

Erasmus+

www.meles-project.eu

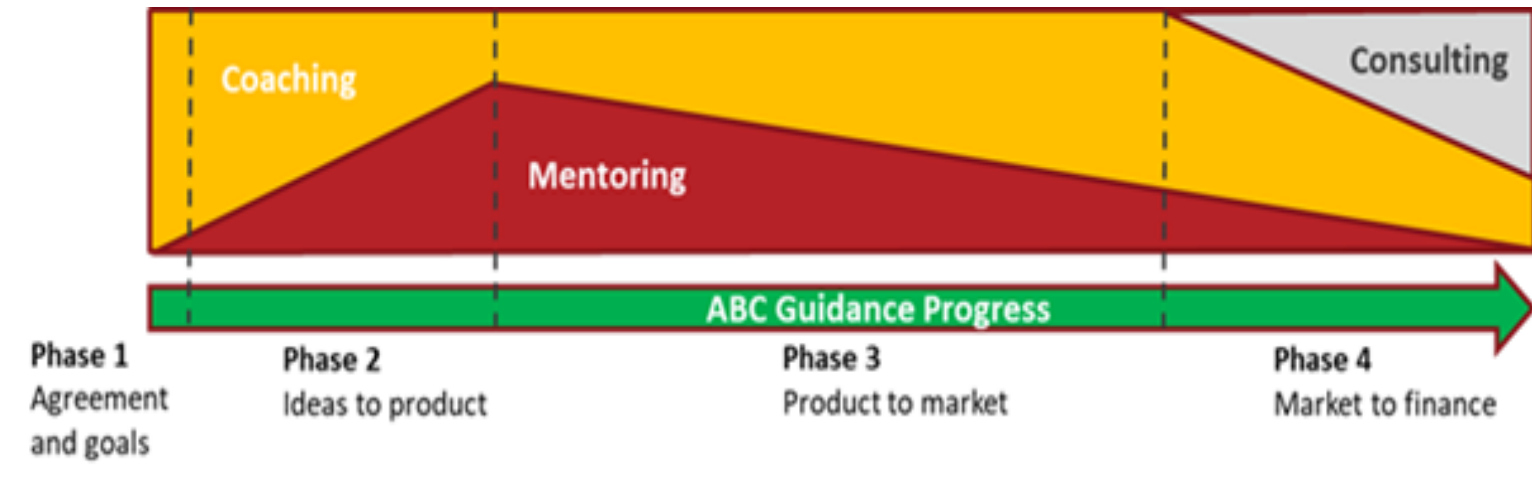

This project is funded by the European Union

More Entrepreneurial Life at European Schools

ABCoach – role of the coach

The roles are changing in the process

Erasmus+

Aim of the project is to develop an
educational chatbot to conduct
an entrepreneurship course

Erasmus+

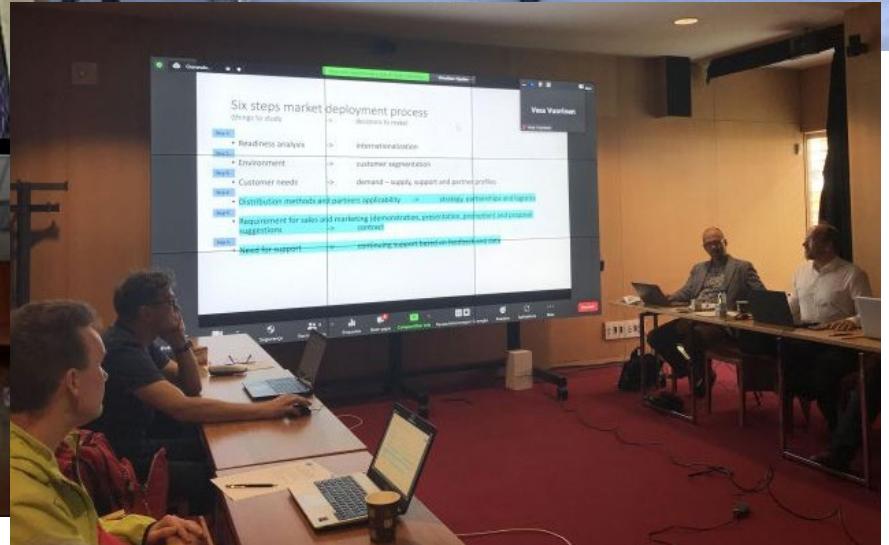

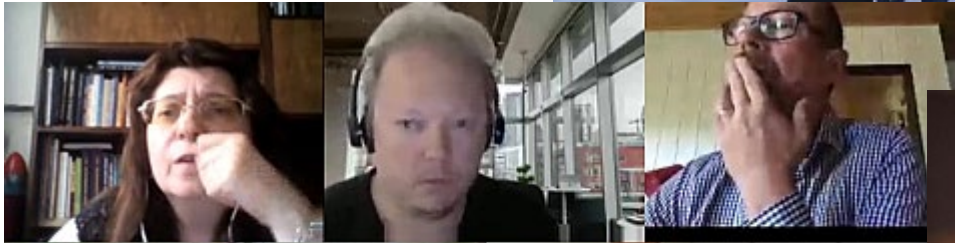

www.bot.meles-project.eu

This project is funded by
the European Union

MELES – Bot, first steps

- Consortium met several time
- Development of bot structure
- Discussion about content and implementation

MELES – Bot, a new frontier

- A tool in form of a chatbot
- support guided process to develop startup
- Tools from MELES 1 implemented
- Specific order of tools depending on project status

What is the current stage of your project?

Idea/Concept of the Project

Idea/concept verified

First prototype exists and is ready for tests

Tests of prototype performed and ready to market deployment

Erasmus+

www.bot.meles-project.eu

This project is funded by
the European Union

MELES – Bot, testing prototype in summerschool

- First test of chatbot in summerschool in Veliko Tarnovo
- 30 students and 17 teachers from 5 universities
- 5 teams develop their business ideas
- supervising via coaching and chatbot

Erasmus+

www.bot.meles-project.eu

This project is funded by
the European Union

MELES – Bot, working time
