

CERTIFIED **INNOVATION IMPLEMENTER**

OUR MISSION

We are dedicated to providing theoretical insight as well as practical experience developing small and medium-sized enterprises (SMEs).

Due to our location in Germany, we consistently have had the opportunity to learn from successful German SMEs and to analyze, in detail, their best practices and winning experiences.

These exceptional firms of the “Mittelstand,” as they are called in Germany, are known worldwide for their dynamism and constant innovation. Not surprisingly, many of them have managed to achieve leadership positions in a number of different countries and markets by offering high value-added products and services.

For these reasons, we have decided to base our program on the patterns of the outstanding German Mittelstand. Our main goal is to transmit this knowledge to firms and institutions from all over the world, in order to implement **winning strategies to successfully promote SMEs**

PROFILE OF THE TRAINERS

PROF. DR. UTZ DORNBERGER

He is the Director of the International SEPT Program of Leipzig University. This program especially focuses on the promotion of innovation and entrepreneurship in Germany as well as in others countries around the world. His academic and professional focus is especially on innovation and entrepreneurship management. He is also the Co-Founder of Conoscope GmbH, a consulting firm specialized in the fields of innovation management and internationalization. He has international experience in 5 continents and over 35 countries.

ALFREDO SUVELZA

Mr. Alfredo Suvelza earned the MBA in Small and Medium Enterprise Development at Leipzig University, Germany. His activities include training and coaching projects in the field of innovation management and promotion, areas in which he operates as a private international consultant and coach as well. Besides his background in the private sector as entrepreneur and manager, he has professional experiences as teacher and working with international cooperation, governmental and non-governmental organizations.

CHRISTIAN HAUKE

He is a senior consultant in the Entrepreneurship Initiative SMILE. After he graduated in 2004 at the Leipzig University, he gained between 2005 and 2009 multiple international experience working in educational and cultural projects mainly in countries like Egypt, United Arab Emirates or Yemen. Now he is working as a coach for young entrepreneurs at the Leipzig University. Since 2011 he is offering his expertise in innovation management and entrepreneurship mainly in the Middle East and North Africa.
